

# Find Out The Latest Technology For Energy Efficient House Designs

Oct. 9-18, 2009  
National Mall Washington, D.C.

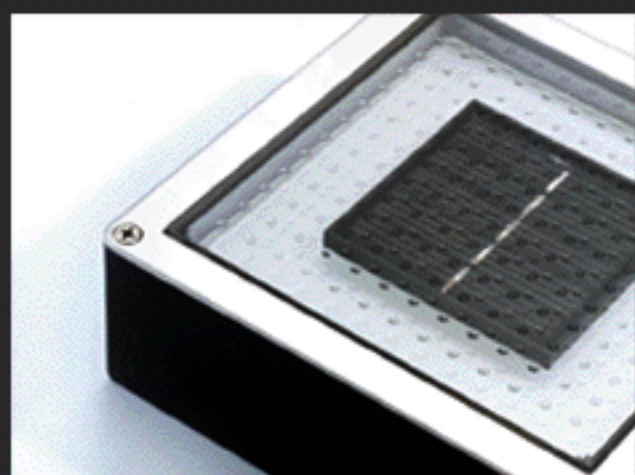

## Solar Decathlon

The Solar Decathlon has been held by the DOE every two years since 2002. This event gives 20 college and university teams the opportunity to show off their ideas in a competition to design, build and operate the most attractive and energy-efficient solar-powered house. Solar Decathlon 2007 attracted 200,000+ visitors to DC.

**Meteor Solar LED Workshop**  
Solar at Night—Solar LED Applications  
Oct. 15, 3:00 p.m.

## 175 Meteor Solar LED Lights will be installed on the thoroughfare of National Mall

Meteor Solar LED is the only lighting company to act as a sponsor. Meteor lights have undergone rigorous testing by the National Renewable Energy Lab prior to our being approved to display on the thoroughfare of the National Mall.

Meteor Solar LED is also working in partnership with the following three university teams: **Rice University**, **Penn State** and **Team California**, so that our lights will be used in their solar house designs.

## Meteor is one of 33 great organizations to act as an Official 2009 Solar Decathlon sponsor
