The REIZEN is an indirect asymmetric luminaire available in sconce or pendant forms that is outdoor rated, with a natatorium rated option. It is the most efficient, compact, and lightweight indirect asymmetric luminaire currently available in the market with up to 136 lm/w.

This luminaire provides vertical illuminance with smooth and uniform distribution, and is perfect for commercial, education, hospitality, municipalities, retail, and sports-recreation areas, where the Reizen can be used to illuminate high ceiling spaces that emphasize its spatial structure.
